# THE CRÈME DE LA CREAM

## **Essential ingredients for many bakers, pastry chefs, chocolatiers or ice cream makers: cream and butter.**

At Debic, our aim is to make cream as user-friendly as possible. This means the taste must be perfect, the cream must be easy to work with, and it must be easy to combine with other ingredients. The colour, too, must be an attractive white, the 'stand' reliable, and the cream tasty and firm — even after 24 hours. With European creams from Debic, you know you're getting that quality. A cream you can really build on. To create even more attractive end results with a longer shelf life. Debic is so good, it's used at the Pastry World Cup. In other words, a cream that's in good hands with you as a professional as well.

### **Highly functional creams**

At Debic, we really understand the importance of cream for you as a professional baker or pastry chef. With our creams you can create your own masterpieces. Building on 100 years' experience, we offer high-quality, highly functional cream. It's why our creams are used by all the leading chefs at the Pastry World Cup.

### **The best butters**

Butter. It's one of the world's most versatile and tasty base ingredients. And an indispensable element in many creations. Butter is also a 100% natural product, and that gives it a pure and distinctive taste. As a professional, you need to be able to rely on your butter, which means it must have a consistent quality and an ideal melting point. That is why we've developed quality butters that combine taste with plasticity. So you always have the right butter for the right creation.

The start of a wide range of European dairy products:

# DEBIC'S CREAMS AND BUTTERS

## STAND & OVERRUN

This signature European whipping cream offers the best of both worlds with its combination of firm and airy. And to top it off, it has a light and refreshing taste and melts in your mouth. This is the ideal cream for mousses, bavarois and fillings. In addition, it has a 160% overrun and a great stand, even after 48 hours! This is also an extremely versatile cream, as it's easy to whip, mix or blend with other ingredients. No wonder, then, it's the official cream of the Pastry World Cup.

## CROISSANT BUTTER

Butter is a key ingredient for an excellent croissant. That's why we created a high-quality butter that's been specially developed for laminating toured dough. It has an excellent butter aroma and the higher melting point and high plasticity makes our butter easy to handle and gives a longer working window for lamination. The quality remains consistent throughout the year ensuring perfect, flaky croissants every time you use it.

## WHIPPING CREAM 35%

Our Whipping Cream 35% is a European quality cream that is made to meet the highest Asian standards. The result is a cream that has it all. It combines a rich dairy taste with the consistent quality you really need as a professional. It has a high stability, is easy to use, freeze thaw stable, and ideal for cake masking and decoration.

## CRÈME BUTTER

Debic Crème Butter is a stable, high-quality butter for preparing light fillings and batter for creamy decorations. Its lower melting point ensures greater volume increase, a softer texture and an elegant mouthfeel. This flavoursome butter is perfect for soft, smooth creams, fillings, or decorations, as well as being ideal for mixing in with other ingredients. And it comes in handy 2.5 kg blocks.

# CHOCOLATE SUDACHI

With hazelnut crumble,  
apple sudachi compote,  
chocolate mousse and  
yellow glazing

## PREPARATION

### Cacao dacquoise

Whip the egg white with the sugar and cassonade sugar. Add a few drops of vinegar. Fold in the remaining dry ingredients. Pipe 4 circles on a baking sheet and bake at 180°C during 7 to 8 minutes.

### Sudachi caramel

Heat the sugar and water, add the glucose. Cook to a caramel. Deglaze with the heated Stand & Overrun, add the sudachi juice. Pour over the egg yolk and bring to 85°C (anglaise). Add the gelatin mass and mix with a hand blender, add the Crème Butter and cool down.

### Hazelnut crumble

Dry mix all ingredients. Bake the crumble at 160°C for 10 minutes, add the melted chocolate. Cool down.

### Apple sudachi compote

Peel the apples, combine with the sugar and the sudachi juice. Cook until tender. Add the starch and remove from the heat. Add the gelatin mass and mix carefully. Cool and reserve.

### Chocolate mousse

Bring the milk and the glucose to the boil. Add the gelatin mass and pour over the chocolate. Mix with a hand blender. Fold in the Stand & Overrun at approximately 32°C.

### Yellow glazing

Combine sugar, water, Isomalt® and glucose syrup and cook at 103°C. Pour over the chocolate, add the gelatin mass and the grape seed oil. Mix with a hand blender and add the neutral nappage. Cover and store in the fridge. Use at 32°C.

## ASSEMBLY & FINISH

Cook the sudachi caramel and pour over one disc of dacquoise; freeze. Realize the chocolate mousse, pour it into the mold and incorporate the frozen insert. Apply the crumble over the insert and follow with the apple compote. Finish the dessert with a second dacquoise layer and freeze. Unmold, and add the glazing at 27°C. Place on a shortbread base and decorate with a chocolate disc topped with crumble and chocolate mousse and yellow velvet. Decorate with milk chocolate petals.

135 g	atomized glucose
65 g	milk powder
88 g	gelatin mass (1:6)
90 g	neutral nappage
55 g	grape seed oil

## PREPARATION

### Cereals dacquoise

Whip the egg white with the sugar and a few drops of vinegar. Fold in the dry sifted ingredients. Pipe on a baking tray and bake at 200°C during 10 minutes.

### Mango compote

Dry mix the pectin with the sugar. Add to the puree and the inverted sugar. Bring to a boil and cook for 2 minutes. Add the lemon juice. Reserve.

### Roasted bread cream

Roast the bread and add immediately to the milk. Mix with a hand blender and sieve. Add both sugars and finally the gelatin mass. Mix with the mascarpone and finally fold in the Whipping Cream 35%. Reserve.

### Crumble with cereals

Combine all dry powdered ingredients to a rough crumble, spread over a baking tray and bake at 160°C for 12 minutes. Add immediately to the chocolate and mix carefully. Reserve cool.

### Baked chocolate cream

Bring the milk with the dark chocolate to the boil and cook for 2 minutes. Combine with the Whipping Cream 35% (1), the egg yolk and the sugar. Heat to 85°C. Add the gelatin mass. Pour over the milk chocolate. Fold in the Stand & Overrun (2)

### Glazing

Dissolve the starch with the water. Combine with the sugar, the Whipping Cream 35%, the milk powder and the glucose. Cook at 103°C. Add successively the gelatin mass, the nappage and the grape seed oil.

## ASSEMBLY & FINISH

Bake the brioche cream and pour on a layer of dacquoise base. Freeze. Realize the baked chocolate cream, pour into the mold and incorporate the frozen insert. Complete the assembly with the wheat crumble and mango compote. Finish the dessert with another dacquoise base and freeze. Unmold and glaze with the glaçage at 27°C. Decorate with a cream and finish with yellow chocolate elements.

## CHEF FRANK HAASNOOT

Winner of the World Chocolate Masters.

It would be fair to say he is a professional through and through. Originally, Frank wanted to become a chef, but after his grandmother urged him to do a two-year stint as a pâtissier, he was hooked.

That he turned out to be one of the very best is perhaps not all that surprising. "Even when I was young, I always wanted to be the best: at school, in games, in drawing." For Frank, 'being the best' isn't just about talent. "Sure, talent has something to do with it, but drive and passion are way more important." He has worked in prestigious jobs in New York, Kuwait, Taiwan and Hong Kong. To help inspire you, here he shares two of his favorite recipes.

# CHOCOLATE VANILLA

Chocolate meringue with dark chocolate crêmeux, vanilla cream and dark chocolate biscuit

## PREPARATION

### Chocolate meringue

Heat the egg white with the sugar to 50°C. Beat until light and airy. Fold in the icing sugar and the cocoa powder with a spatula. Pipe into the desired shape on a silicone mat. Cover with baking paper and leave to dry for 1 night at 90°C.

### Dark chocolate crêmeux

Heat the milk with the Stand & Overrun. Mix the egg yolk with the sugar and stir to form a crême anglaise to 84°C. Add the chocolate and mix with the hand mixer to form a smooth texture.

### Vanilla cream

Heat 1/4 of the Stand & Overrun with the vanilla and the sugar. Melt the gelatin mass in this. Add the rest of the cream and the mascarpone. Mix with the hand mixer and pass through the sieve. Whip to the right consistency.

### Dark chocolate biscuit

Melt the Crème Butter together with the cacao mass. Stir the sugar (1) into the marzipan. Gradually add the egg and the egg yolk. Replace the butterfly blade with the beater in

the beating machine and beat until light and airy.

Beat the egg white with the sugar (2) to stiff peaks and fold this into the egg yolk mixture. Add the sifted flour and the cocoa powder in 3 parts. Finally, mix in the butter mixture.

### Chocolate decoration

Spread the oil on a plate and place a plastic film on top. Pipe drops of melted chocolate side by side and press the plate with plastic foil. Lift the plate up again and keep it upside down. Slide the plate upside down in a cart. Turn the plate over only when the chocolate has fully crystallised. Carefully remove the chocolate decorations from the plastic.

## ASSEMBLY & FINISH

Half immerse the meringue in melted chocolate and place on a plate. Cut circles out of the chocolate biscuit and stick them with small dabs of crêmeux on the meringue. Now pipe large dabs of the crêmeux on the meringue. Pipe the vanilla cream on top. Sprinkle with cocoa nibs.

# HAZELNUT COFFEE PASTRY

Hazelnut praliné, Italian buttercream  
with hazelnut and chocolate crumble

## RECIPE FOR 20 SERVINGS

### Hazelnut praliné

312 g unpeeled hazelnuts  
187 g sugar  
1 vanilla pod

### Italian buttercream with hazelnut

45 g water  
178 g sugar  
119 g egg white  
238 g Debic Crème Butter  
214 g hazelnut paste 100%  
7 g coffee extract

### Coffee ganache montée

25 g coffee beans  
378 g Debic Stand & Overrun  
21 g gelatin mass (1:6)  
125 g white chocolate  
50 g coffee liqueur

### Chocolate crumble

498 g Debic Crème Butter  
448 g flour  
498 g ground almonds  
498 g cassonade sugar  
8 g salt  
50 g cocoa powder

### Hazelnut praliné crumble

100 g crumble  
50 g hazelnut paste 100%  
50 g feuilletine  
50 g milk chocolate  
50 g hazelnut praliné  
0.2 g salt

### Hazelnut meringue

206 g egg white  
360 g sugar  
30 g potato starch  
103 g hazelnut powder

### Glaze

107 g water  
241 g sugar  
214 g glucose syrup  
143 g Debic Végétop  
214 g milk chocolate  
107 g gelatin mass (1:6)  
12 g coffee powder

## PREPARATION

### Hazelnut praliné

Caramelise the sugar with the vanilla pod. Roast the hazelnuts. Add the hot roasted hazelnuts. Pour onto baking parchment and leave to cool. Remove the vanilla pod. Blend to a smooth praliné.

### Italian buttercream with hazelnut

Bring the sugar with the water to a boil at 120°C and make an Italian meringue with the egg white. Beat until the meringue has cooled. Beat the Crème Butter until it is airy, together with the coffee extract and the hazelnut paste. Mix the butter mixture in 3 parts into the egg white.

### Coffee ganache montée

Roast the coffee beans in the oven at 160°C for 5 minutes. Add them to half of the cold Stand & Overrun and allow to infuse for 1 hour. Bring the cream to a boil, pass through the conical sieve and melt the gelatin into it. Make a ganache with the white chocolate. Add the coffee liqueur and mix finely with the hand mixer. Leave to stand in the refrigerator overnight, then beat to the required consistency.

### Chocolate crumble

Mix the Crème Butter, the cassonade sugar, the salt and the ground almonds to a smooth dough. Then mix in the sifted flour and the cocoa powder to form a crumbly structure. Bake in rings (6 cm diameter) at 160°C for 25 minutes.

### Hazelnut praliné crumble

Mix the crumble with the feuilletine. Melt the chocolate and add the hazelnut paste, the hazelnut praliné and the salt. Mix all the ingredients together.

### Hazelnut meringue

Mix the egg white with the sugar and heat to 50°C. Beat until light and airy. Mix the hazelnut powder with the potato starch and add to the meringue. Form circles measuring 7 cm, sprinkle with roasted broken hazelnuts and bake at 140°C for 45 minutes.

### Glaze

Bring the water, sugar, and glucose syrup to the boil at 103°C. Add the gelatine mass and the Végétop. Melt the chocolate in it and mix with the hand mixer to form a nice emulsion. Add the coffee powder.

## ASSEMBLY & FINISH

Pipe 10 g of hazelnut praliné into a round mould with a flat bottom and place in the freezer. Roll the crumble out between two sheets of plastic foil and freeze it. Cut out with a 7 cm ring. Fill a round 10 cm mould with a thin layer of Italian buttercream and press the frozen hazelnut praliné into it. Now half fill the mould and press the hazelnut meringue strip into it. Completely fill the mould with the buttercream and press a slice of crumble on top. Freeze. Heat the glazing to 31°C and mix finely with the hand mixer. Glaze the pastries. Pipe a large dollop of whipped coffee ganache on the tartlet. Warm an ice-cream scoop and press in the middle of the ganache. Fill the hole with a little hazelnut praliné.

# GRAPEFRUIT ROULADE

## PREPARATION

### Almond crust

In a mixing bowl with a paddle attachment, mix the Crème Butter with icing sugar, flour, almond powder, and salt together until sandy texture, then mix in the whole egg. Store in refrigerator. Roll out on 2 mm and cut out the desired shapes. Bake at 150°C for 13 minutes.

### Grapefruit Choux Biscuit

In a saucepan, heat the milk (1), cooking oil and salt together to 70°C. Add in flour and stir continuously until a choux dough is formed. Blend the dough with the milk (2), whole egg, egg yolk and grapefruit confit together. Whip the sugar with the egg white to medium peak French meringue. Fold in the previous mass and spread over a Flexipan Mat (53 x 35 cm). Bake at 155°C for 15 minutes.

### Grapefruit Confit

Blanch the grapefruit peel 3 times in fresh water. Bring grapefruit juice and sugar to a boil, add in the blanched fruit peels, cook at low temperature for 45 minutes. Once it reaches 55 Brix, blend them into a smooth paste and store in the chiller.

### Vanilla Mousseline

In the saucepan, prepare a crème patisserie with milk, Stand & Overrun, vanilla pod, custard powder, sugar and egg yolk. Add in gelatin mass and cocoa butter. Cool down the mixture to 40°C, emulsify with Crème Butter. Preserve in chiller.

### Orange Blossom Chantilly

Heat up 100 g of Stand and Overrun with inverted sugar, vanilla bean, and gelatin mass together to 36°C, then emulsify with remaining 440 g of Stand & Overrun, followed by mascarpone and orange blossom water. Preserve in the chiller.

## ASSEMBLY & FINISH

Cut the grapefruit choux biscuit into 28 x 52 cm pieces and spread 350 g of grapefruit confit on the surface. Pipe 13 x 52 cm long strips of vanilla mousseline using a 1 cm diameter round nozzle tip. Fold both edges of the biscuit to the center, overlapping the vanilla mousseline. Keep in the freezer for 30 minutes then cut the biscuit into 3 cm thick pieces. Prepare an almond crust as the base and pipe a line of grapefruit confit on top. Place the grapefruit roulade on the base and garnish along the side. Pipe orange blossom Chantilly on the top of the roulade using a star nozzle. Finish by decorating with red amaranth and grapefruit confit.

## PREPARATION

### Lime Sablé

In a mixing bowl, mix the Crème Butter, icing sugar, almond powder, flour and lime zest until sandy texture. Add the whole egg and mix briefly. Store in the refrigerator. Roll out at 2 mm thickness and cut out circles of 7 cm diameter. Bake at 160°C for 25 minutes.

### Lime Pain de Gènes

In a robot coupe, blend the almond paste with whole egg and egg yolk. Pour over a mixing bowl with a whisk attachment and whip up the mixture to the ribbon stage. Gently fold in the flour, the baking powder, the melted Crème Butter and the lime zest. Spread into a rectangle ring (37 x 28.5 cm) and bake at 170°C for 10 minutes.

### Calamansi Cremeux

In a saucepan, cook a crème Anglaise (83°C) with calamansi puree, glucose syrup, whole egg and sugar. Melt in the gelatin mass and emulsify with the Crème Butter.

### Ginger Light Diplomat

Warm up the crème patisserie and blend with the melted gelatin mass. Emulsify with the Cream Cheese, lime zest and ginger puree. Once the mixture has cool down to 30°C, fold in the meringue base and the Stand & Overrun.

### Crème Patisserie

In a saucepan, mix milk, the Whipping Cream 35%, sugar, egg yolk, cornstarch, and Crème Butter to make a crème patisserie.

### Swiss meringue

Gently warming up the egg whites and sugar over a warm water bath and stir until the sugar is dissolved. Whip this mixture in a stand mixer until it forms bright white, fluffy peaks.

### Mango Glaze

In a saucepan, heat the water to 45°C, add in sugar-pectin mix and continue to cook until boiling. Gradually add in sugar (2) and inverted sugar, continue to cook syrup to 68 Brix. Add in gelatin mass, then emulsify with cocoa butter. At 40°C, blend in puree. Used at 65 Brix.

## ASSEMBLY & FINISH

Pour calamansi cremeux over the lime pain de gene in the ring and freeze for an hour in the blast freezer. Un-mould from the ring and cut the insert to 4 x 4 cm squares. Pipe a layer of ginger light diplomat into silicon moulds (SF163) and press the frozen insert into it. Pipe the remaining ginger light diplomat into half sphere silicon moulds (SF005) and freeze for an hour in the blast freezer. Remove the product with the insert from the moulds and glaze with a mango glaze and transfer it onto the lime sable. Spray the other half spheres with a layer of white cocoa butter and place it on the top. Decorate the finished dessert with Capello and button chocolate garnishes.
